

INTRODUCING A NEW **OVERSIZE BLISTER**

Rx Systems is now offering a 3/4" deep blister in two formats - 30 ct and 31 ct.

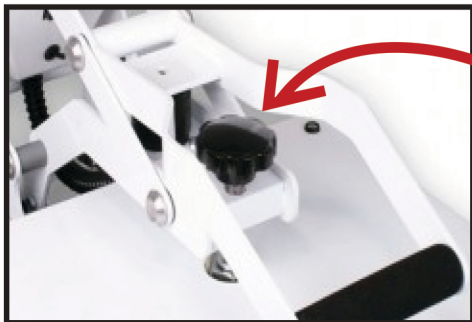

The oversize 3/4" deep blisters are ideal for larger pills or when packaging multiple pills of the same NDC into a single cavity using our M-Series pill cards.

In order to use the new Oversize blister, thicker paddles or sponge trays are required due to the new blister depth. Additionally, adjustments to your manual or Automated sealer are also required (see below).

Item	Description	Price
*M308	M-Blister, 30ct, Oversize, 3/4" (500/cs)	\$45/cs
**M318	M-Blister, 31ct, Oversize, 3/4" (500/cs)	\$45/cs
M409	2-Card, Sealing Paddle, M-32, 3/4" Thick	\$90/ea
M333	Sealing Tray, M - 32, 3/4" Thick	\$35/ea
1047	Autosealer Pressure Board <i>(required in Autosealer when using M333 Sealing Tray)</i>	\$45/ea

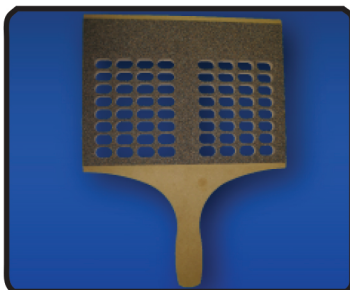

Use with *M300 or **M310 pill card.
